Dear customers,

we are pleased to present the new product catalogue of the CONCORDE brand, which becomes the twenty-second catalogue published in the history of VOLF Office Supplies.

The CONCORDE brand has undergone several significant transformations in its 25-year history, yet it still stands on the principles of consistency, unity and mutual coherence that carry over into business relationships. For our business partners, CONCORDE stands above all for reliability, product confidence and, last but not least, for differentiation from the competition. CONCORDE products mean making work easier for end users of school and office supplies at home, in the office and at school. The catalogue is full of new products in the stationery sector, but also devotes more space to eco-friendly products and promotes creative products. We believe that ecology and creativity will play an increasingly important role in the development of the corporate programme in the future.

Thank you for your support and we look forward to further cooperation. On behalf of the entire VOLF Office Supplies team, I wish you many pleasant moments spent with CONCORDE products.

Ing. Miloslav Volf
Director

CONCORDE

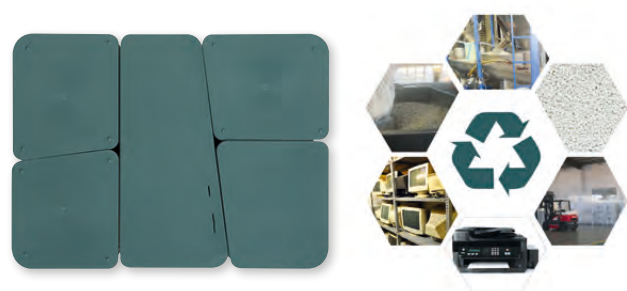

info@volf-concorde.cz

Lucky Set CONCORDE Eco 7 pcs

- the raw materials, we use, come from office equipment. Office equipment undergoes professional sorting, disinfection, crushing and performance modification and finally returns to the workshop for production. The raw materials are safe and reliable. Improving the environment is a career that we are willing to contribute.

News

The aim of the Global Recycled Standard is to promote the use of recycled materials in production and to minimize the harm caused by their acquisition.

Scissors CONCORDE Teflon

- the teflon surface of the scissors is non-stick and at the same time the coating protects the scissors from a corrosion
- scissors are especially suitable for cutting the adhesive tapes, fabrics, photographs and all types of paper
- the 3D blade reduces the friction surface of the knives and makes cutting more convenient
